Instructions

I. Make a Name and Address label to include: EPA ID number, company name, mailing address and contact information.

NOTE: Any company name, address and/or contact person change requires a South Carolina Notification and Reporting Form (DHEC Form 2701) to be completed.

II. Enter “X” only if your company had absolutely no hazardous waste activity during this quarter. DO NOT FILL IN ZEROS ON THE REST OF THIS FORM, AND DO NOT SUBMIT ANY BLANK FORMS. This means your company had no old waste on-site anywhere and did not receive any hazardous waste from an off-site source during the quarter.

III. Enter the total amount IN POUNDS of hazardous waste in storage at your facility at the end of this quarter (regardless of how long it has been there). This is waste that you have in storage (either interim status or permitted) that you received from off-site sources. Waste in storage that you generated will be reported on the on-site T,S,D,R portion of DHEC Form 1962.

IV. Enter the total amount IN POUNDS of hazardous waste received by your facility during this quarter from off-site sources.

V. Enter in the following:

- The EPA ID # of the generator from whom you received this waste;
- The date (month, day, year) that you received this waste;
- A complete description of the waste you received at your facility;
- The EPA/DHEC waste number (code) that best described the waste you received;
- The manifest document number * for this waste shipment;
- The management code for this waste that represents what will ultimately happen to it on your site. The management codes can be found on the website www.scdhec.gov under codes.
- Enter the 4-digit form code starting with a "W" that best describes the general physical and chemical characteristics of the specific waste index line number you are reporting. The form codes can be found on the website www.scdhec.gov under codes.
- The amount IN POUNDS that corresponds to the generator EPA ID #, date received, description, waste number (code), manifest document number, management code.

NOTE: If for example you receive a waste that undergoes five (5) different management codes, then list only the last management code. If you have a waste that is in storage at the end of the quarter waiting to undergo a treatment or recovery method, then list that treatment or recovery method.

*THE MANIFEST DOCUMENT NUMBER IS A UNIQUE TWELVE-DIGIT NUMBER, DO NOT REPEAT IT WITH DIFFERENT SHIPMENT DATES. It will be possible when a generator sends several different wastes on one manifest to have several entries on this form with the same manifest document number, generator EPA ID #, management code and date received, however, the remainder of the information should be different.

EACH WASTE INDEX LINE NUMBER MUST HAVE ONLY 1 TOTAL PER MANIFEST.

NOTE: Your Company may receive hundreds of shipments per quarter. Therefore you may need to fill out multiple pages of the DHEC Form 1964 to complete your report. Enter the total amount IN POUNDS of hazardous waste in storage at your facility at the end of the quarter and the total amount received ONLY ON THE FIRST PAGE of these forms (DHEC Form 1964).

ALL AMOUNTS ARE ROUNDED TO THE NEAREST WHOLE NUMBER AND ARE LEFT JUSTIFIED. (Example: 12345___ NOT 000012345)

VI. Sign, date and enter your phone number on your certification in order to conclude the first page of your Off-site Facility Quarterly Report.
